SERVING WITH GOM

“The Purpose of Global Health Services, a division of Global Outreach Mission, is to engage in genuine, holistic ministry. We believe that God’s work, to which we are called, should be directed toward both the spiritual and the physical needs of people. Just as there is no compartmentalization between an individual’s spiritual, mental, social and physical aspects, so there is no dichotomy between the spiritual and physical ministries within the world view of Global Health Services. It follows that those whom God leads to join this ministry would be totally committed to people’s spiritual needs as well as having a profound concern for mental, social and physical needs.”

Dr. John Look, Director of Global Health Services

MORE OPPORTUNITIES

COSTA RICA

GOM’s El Jardin Sagrado, situated in the beautiful Orosi Valley, has facilities to house both short term medical and evangelistic teams of 10-15 people for 2-3 weeks. We have a need for a nurse or physician assistant year round.

THAILAND

Jeff & Apple Garcia welcome workers to assist in their orphanage work with abandoned and exploited children. Medical help is also needed as they travel to minister among the hill tribe people of Northern Thailand.

INDIA

Many GOM Ministries in India are keen to partner with medical professionals as they help the poor and reach the lost. Call to discuss individual short term and career possibilities.

ENTREPRENEUR

Every ministry needs a pioneering founder. Is God calling you to start a new medical, work or lead a short term medical team? Call our VP Personnel, to explore further possibilities.
