

THAT ALL MAY SEE

The Lens is God's Prescription for us in what He expects us to be, what He wants us to do, and where He wants us to go.

The arms hold up the whole pair as prayer holds up the whole ministry, the people and the message of the gospel.

The frame enables the glasses to do what they were designed to do. Faithful giving enables workers and the ministry to do what God has called them to do.

"Come and see what our God has done, what awesome miracles He performs for people!"

Psalm 66:5

THAT ALL MAY SEE

Vision Ministry - 2017 & Beyond!

VISION STATEMENT

To see God glorified and His kingdom extended through the partnership of vision care teams with evangelistically-minded ministries around the world.

MARK YOUR CALENDAR TO JOIN THE TEAM!

October 14-29, 2017
Haiti

Haiti, the poorest country in the Western Hemisphere, has recently been devastated by earthquakes and hurricanes. It is a country of immense need where access to vision care is limited and out of reach for most people. In partnership with local churches we plan to bring vision clinics to those in need. Local believers will present the gospel of Jesus Christ and organize follow up and discipleship.

Our goal: That those we serve in Haiti will be given the opportunity to see clearly both physically and spiritually.

January/February 2018
India

Utilizing experience gained in 2016 and 2017, we look to expand and build on our partnerships with local ministries to bring vision clinics to those in need. These vision clinics will offer "near" and "far" vision assessment, using state of the art equipment, and distribution of reading and prescription glasses from an extensive inventory. Local believers will share the good news of the one true God as crowds gather for the clinics.

Plan on being a pivotal part of this opportunity to share the Gospel of Jesus Christ in word and deed in 2018.

October 2018
The Caribbean (TBA)

Throughout the Caribbean and South Central America, new ministry partnerships are being explored. These connections will be the vehicle through which vision care can be provided to those without access or who are simply unable to afford it. We desire to bring the gift of clear physical vision to those we serve. Above all, we pray that many will come to know our Lord and Saviour Jesus Christ. **Will you have a role in this life changing outreach? Connect with us at: dstauffer@missiongo.org.**

Sign up for this unique opportunity to show the love of Christ to a world not able to see Him clearly.
